BP 511 St. 371 Phum Tropeang
Chhuk (Borey Sorla) Sangkat Tek
Thla, Khan Sen Sok, Phnom Penh

Additional Skills

- Web Development
- Cross-Functional Collaboration
- API Integration
- Debugging & Optimization
- Agile & Teamwork
- Rapid Tech Adaptation
- Working Remote

Language

Khmer English

Education

Passerelles Numériques Cambodia (PNC) 2024 - 2026

Associate Degree as Software Engineer

New Generation School Hun Sen Peamchikang High School 06/11/2023

12th Grade Certificate

Experiences

Dojology Teach & Venture

Mobile App Developer August 15, 2025 - Present

 **Umami App:** Programmed responsive Flutter UI layouts by accurately translating high-fidelity Figma designs into clean code. Work closely with UX/UI designer and backend peers to troubleshoot complex technical roadblocks, conduct rigorous testing, and manage Google Play Store distribution and policy compliance.

 **CashGrow68 (Secure Asset Loan App):** Developed and optimized secure mobile application features, specifically addressing deployment guidelines to implement a smoother, highly secure user experience. Handled full-lifecycle preparation for both the Apple App Store and Google Play Console compliance while ensuring secure backend API integration.

Technical Skills

Tools:

GitHub

Jira

Figma

Xcode

Firebase

Postman

Android Studio

Technologies :

Flutter

GetX

Hive

Nest.Js

MySQL

TypeScript

Laravel

Python

PostgreSQL

Soft Skills

- Communicating
- Solving problems
- Teamworking
- Managing time and tasks
- Researching
- Presenting
- Learning quickly

Interest

- Volunteering
- Participating in hackathons or coding competitions
- Reading tech articles or books
- Learning new programming languages
- Building personal projects
- Joining workshops
- Sharing knowledge
